OBJECTIVE

A Passionate Frontend Developer dedicated to crafting immersive, user-centric web experiences. Seeking a challenging position in a dynamic organization where I can continuously enhance my expertise in front-end development while delivering impactful results that align with the company's goals and vision.

EXPERIENCE

FRONTEND DEVELOPER INTERN | SOCIALPI.AI

June 2023 – July 2023

- Transformed **UI/UX design** wireframes into an engaging web application, meticulously crafting an intuitive survey form with **HTML5, CSS3, and JavaScript** while adhering to design guidelines.
- leveraged **React** to create dynamic and interactive form components, elevating user engagement and experience.
- Incorporated **React-Firebase, Redux Toolkit, React-Router-DOM, React-Hook-Form** and **Yup** to ensure secure data storage, state management, smooth multi-page navigation, streamlined form handling, and accurate validation respectively.

FULL STACK WEB DEVELOPMENT TRAINING/INTERNSHIP

| NEWTON SCHOOL

April 2022 – Dec 2022

- Developed projects from scratch using front-end technologies and deployed them.
- Participated in various coding contests.
- Solved 200+ assignment questions.
- Learned about real-time projects from experienced people.
- Tech-Stack: HTML5, CSS3, Javascript, JAVA, React, Redux Toolkit, Firebase, and DSA**

PROJECTS

Youtube Clone

August 23 – August 23

- Conceptualized and developed a feature-rich YouTube Clone single-page application using **React, Tailwind CSS, and Rapid API**.
- Designed and implemented components such as Header, Left Category Section, Feed, Video Details, and Search Result, encapsulating distinct functionality and fostering a cohesive user interface.
- Implemented a mobile-first responsive approach for optimal usability across diverse devices.
- Leveraged **Axios** to seamlessly fetch and manage API data, enabling real-time updates and dynamic content display.
- Tech-Stack: HTML5, CSS3, and JavaScript**
- Libraries: Axios, React Player, JS Abbreviation Number, Moment, React-Router-DOM, React-Icons**

EDUCATION

MADAN MOHAN MALVIYA UNIVERSITY OF TECHNOLOGY

BACHELOR OF TECHNOLOGY

Jul 2016 - June 2020

Percentage: 69.2%

SUNBEAM ENGLISH SCHOOL, BHAGWANPUR, LANKA

INTERMEDIATE (CLASS XII)

April 2014 - March 2015

Percentage: 79%

CENTRAL ACADEMY

MATRICULATION (CLASS X)

April 2012 - March 2013

Percentage: 85%

SKILLS

PROGRAMMING LANGUAGES

JAVA • JavaScript • ES6 • HTML5 • CSS3

SOFTWARE PACKAGES

React • Redux Toolkit • Bootstrap • Tailwind.CSS

DATABASE

firebase (Baas)

PROBLEM SOLVING

Data Structure

SOFT SKILLS

Communication Skills • Creativity • Teamwork

WEB DEV TOOLS

Git/GitHub • VScode
